# Suprema Integration with Paxton Net2

Suprema Integration with Paxton Net2 allows customers to add Suprema's face and fingerprint recognition devices to the Paxton Net2 Access Control System, expanding the range of credentials from RFID cards and PINs to include biometrics. The Integration is seamless, enabling Net2 customers to expand the range of credentials to include biometrics and utilize the full functionality of Suprema devices such as device search, addition and firmware upgrades.

## Enhance security of Paxton Net2 access control

|	
Enable Biometrics	Use fingerprint and face as credentials on top of RFID cards and PINs supported by Paxton Net2.
Easy User Management	Real-time user data synchronization between Suprema Integration and Paxton Net2.
Easy Enrollment	Enroll user's face and fingerprint data directly from Net2 software or Suprema devices which will be polled to the server.
Enterprise-level Configuration	Connect and manage up to 1,000 biometric devices.

To implement this integration, you need :

Suprema		Paxton	
Suprema Devices	Suprema Integration with Paxton Net2	Paxton Net2 Controller	Paxton Net2 Software
